## EDUCATION

B.Sc. in CSE

Green University Of Bangladesh

Sept 2021 - Sept 2025

Thesis title: Computer Vision-based Human Activity Recognition for Elderly People Caring and Monitoring

## MOST PROUD OF

### Academic Excellence Award

One of my proudest achievements is receiving the Academic Excellence Award and the Dean's Award for earning outstanding GPAs of 3.89 and 3.80.

### Overcoming a personal challenge

Overcoming a personal challenge that once seemed impossible—whether it was mastering a new skill, stepping out of my comfort zone, or facing a fear—gave me a deep sense of achievement and self-growth.

## ACTIVITY

General Member

Green University Language Club

Sept 2021 - Present

- Actively participate in language-related events, workshops, and activities to promote linguistic diversity and cultural exchange.

## PROJECTS

### Project 1

#### Library Management System/Structure Programming Project

- Built a Library Management System in C for managing records.  
View Project: [https://github.com/sayeb12/Structure\\_Programming\\_project](https://github.com/sayeb12/Structure_Programming_project)

### Project 2

#### Map Navigator/Algorithm Project

- Created a Map Navigator using a shortest path algorithm.  
View Project: <https://github.com/sayeb12/Algorithm-Lab-Project-Map-Navigator>

### Project 3

#### Library Management System/Database Project

- Developed a Library Management System using PHP and MySQL.  
View Project: [https://github.com/sayeb12/Database\\_Library\\_Management\\_System](https://github.com/sayeb12/Database_Library_Management_System)

### Project 4

#### Code Editor/Compiler Project

- Built a code editor using JavaScript, Node.js, and CodeMirror.  
View Project: <https://github.com/sayeb12/Code-Editor-Compiler-Project>

---

## Project 5

### Floor Networking/Networking Project

- Designed 'Floor Networking' using Cisco to control devices.  
View Project: [https://github.com/sayeb12/Floor\\_Networkin-Using-Cisco](https://github.com/sayeb12/Floor_Networkin-Using-Cisco)

---

## Project 6

### File Transfer System/Operating System Project

- Created a File Transfer System using shell programming.  
View Project: [https://github.com/sayeb12/File\\_Transfer\\_System-Using-Shell](https://github.com/sayeb12/File_Transfer_System-Using-Shell)

---

## Project 7

### Tour & Travel Website/Web Development Project

- Developed a tour and travel website for booking and exploration.  
View Project: <https://github.com/sayeb12/Tour-and-Travel-Website>

---

## Project 8

### AI Assistant/AI Project

- Built an AI assistant for writing, speaking, and more.  
View Project: <https://github.com/sayeb12/AI-Assistant/blob/main/Jarvis.py>

---

## Project 9

### Maze Solver/Microprocessor Project

- Created a maze solver game using assembly language.  
View Project: <https://github.com/sayeb12/Maze-Solver>

---

# SKILLS

## Technical Skills

C Web Development Database

## Soft Skills

Hard-working Eye for detail Dedicated to my work

---

# LANGUAGES

English

Bangla

---

# HOBBY / INTEREST

## Hobbies

I love travelling to new places and enjoying fun games with friends.

## Interests

I enjoy working on development projects and dream of studying or working abroad.

---
